Do this by creating a sales page for the new guide, however don't include a price on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out costs by making a variety of duplicate gross sales pages with different prices on each page. Ensure that your gross sales copy is precisely the similar on each

page, and consists of your selling-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum value is.

Finally, for those who've written a book that solves a problem or presents a brand new technique, your book will usher in both traffic and profits.
