An effective approach for determining a worth is to ship out a survey to your current customers. If these prospects have already bought an book from you, ask for their opinion in terms of price. Do that by making a gross sales web page for the new guide, however do not embrace a worth on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to test out prices by making a variety of duplicate sales pages with completely different prices on each page. Be certain your sales copy is exactly the similar on every web page, and contains your selling-deal with sentence. Then figure out for every page the conversion ratio between guests to your web site and sales of your book. This may tell you what your optimum price is.

In the end, in the event you've written a book that solves a problem or presents a new approach, your guide will usher in both traffic and profits. So be sure you write that selling-deal with sentence that sums up what downside your e-book solves and what the advantages of your 1054 e-book might be to the purchasers who purchase it.
