An effective approach for figuring out a price is to ship out a survey to your current customers. If these customers have already bought an e book from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the new book, however don't include a worth on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Be certain that your gross sales copy is exactly the similar on every page, and includes your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your web site and gross sales of your book. This may tell you what your optimum worth is.

In the end, in case you've written a e-book that solves a drawback or presents a brand new method, your ebook will usher in each site visitors and profits.
