gross sales and promotional materials, and each time anybody asks you about your ebook.

One other technique is to test out prices by creating a number of duplicate gross sales pages with different costs on each page. Be sure that your sales copy is strictly the similar on each web page, and contains your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your site and gross sales of your book. This can inform you what your optimum worth is.

In the end, if you happen to've written a ebook that solves a problem or presents a new method, your ebook will bring in both traffic and profits.
