In addition to promoting your books assiduously on-line, there are a number of other methods that may show you how to promote more books.

One is to present one thing away totally free with your ebook, such as a beneficial bonus item. Or bundle several ebooks under one price, which lowers the value for each e-book if they were sold separately.

An effective approach for determining a worth is to send out a survey to your current customers. If these clients have already purchased an ebook from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the new e-book, however don't embrace a worth on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out prices by creating a variety of duplicate sales pages with totally different prices on every page. Be sure that your gross sales copy is strictly the same on

each page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. This will tell you what your optimum value is.

Ultimately, in case you've written a e-book that solves a drawback or presents a new method, your e book will herald each traffic and profits.
