An efficient approach for figuring out a price is to ship out a survey to your current customers. If these clients have already purchased an book from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales web page for the brand new ebook, but don't embrace a price on that page. Be certain your gross sales copy is strictly the identical on every page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your site and sales of your book. It will inform you what your optimum value is.

In the end, should you've written a e-book that solves a downside or presents a brand new technique, your guide will bring in both site visitors and profits.
