Apart from selling your books assiduously online, there are a number of other methods that may help you promote more books.

An efficient approach for figuring out a worth is to send out a survey to your present customers. If these clients have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales web page for the brand new e book, however don't embody a price on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out prices by creating a variety of duplicate sales pages with different prices on every page. Be sure that your gross sales copy is strictly the identical on

every page, and includes your selling-deal with sentence. Then work out for each web page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum price is.

In the end, should you've written a guide that solves a problem or presents a new technique, your e-book will bring in both site visitors and profits. So you'll want to write that promoting-deal with sentence that sums up what downside your book solves and what the advantages of your 1590 e-book will likely be to the customers who purchase it.
