## Advertising Methods

The important thing that unlocks the sales potential of your ebook is to find a single sentence that becomes your promoting handle. Apart from selling your books assiduously online, there are several different methods that can make it easier to sell more books.

One is to give one thing away at no cost together with your book, equivalent to a priceless bonus item. Or bundle several ebooks below one price, which lowers the value for every book in the event that they had been offered separately.

An effective approach for determining a value is to ship out a survey to your current customers. If these clients have already purchased an book from you, ask for his or her opinion by way of price. Do this by making a gross sales page for the new guide, but don't embody a worth on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with completely different prices on every page. Be sure that your gross sales copy is precisely the similar on each page, and consists of your selling-handle sentence. Then work out for each page the conversion ratio between guests to your website and gross sales of your book. It will let you know what your optimum value is.

Finally, if you've written a book that solves a downside or presents a new method, your guide will

herald both visitors and profits. So remember to write that promoting-handle sentence that sums up what problem your book solves and what the benefits of your 1729 book will likely be to the customers who buy it. And then watch your market come to you!
