An effective approach for figuring out a value is to send out a survey to your current customers. If these prospects have already bought an book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the brand new e-book, however don't embrace a worth on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with different costs on each page. Ensure that your sales copy is strictly the same on every web page, and contains your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. This will let you know what your optimum price is.

In the end, if you happen to've written a book that solves a problem or presents a new method, your

guide will bring in both site visitors and profits. So be sure you write that promoting-deal with sentence that sums up what drawback your book solves and what the advantages of your 19 book might be to the purchasers who buy it. And then watch your market come to you!
