An efficient technique for figuring out a value is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for his or her opinion when it comes to price. Do that by making a gross sales page for the brand new e-book, however do not include a

price on that page. As an alternative, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with completely different costs on each page. Ensure that your sales copy is exactly the same on every web page, and includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and sales of your book. This may inform you what your optimum worth is.

In the end, if you've written a e book that solves a drawback or presents a brand new approach, your ebook will bring in both visitors and profits.
