The important thing that unlocks the gross sales potential of your book is to find a single sentence that becomes your promoting handle. This sentence states what question or downside your e book answers and the advantages your e-book can provide. Then remember to use that sentence in every

piece of sales and promotional materials, and each time anyone asks you about your ebook.

Moreover selling your books assiduously on-line, there are several other methods that may enable you sell more books.

One is to present something away without spending a dime along with your ebook, reminiscent of a invaluable bonus item. Or bundle a number of ebooks underneath one value, which lowers the worth for every e-book if they have been offered separately.

An efficient method for determining a value is to send out a survey to your present customers. If these prospects have already bought an e-book from you, ask for their opinion in terms of price. Do this by creating a sales page for the new e book, but don't embody a value on that page. Instead, add a variety of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out costs by creating a number of duplicate gross sales pages with different costs on every page. Be certain that your gross sales copy is strictly the same on every page, and includes your selling-handle sentence. Then determine for each page the conversion ratio between visitors to your web site and sales of your book. It will let you know what your optimum price is.

In the end, in case you've written a e-book that solves a problem or presents a brand new technique, your ebook will herald both traffic and profits.
