An efficient approach for figuring out a price is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion by way of price. Do this by creating a sales page for the new ebook, however do not include a value on that page. As a substitute, add numerous links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to test out costs by creating a variety of duplicate gross sales pages with different prices on every page. Be certain that your gross sales copy is precisely the identical on

every page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your site and gross sales of your book. This may tell you what your optimum value is.

In the end, if you happen to've written a e book that solves a problem or presents a new technique, your e-book will usher in both visitors and profits. So be sure to write that promoting-deal with sentence that sums up what problem your book solves and what the advantages of your 2159 e-book can be to the customers who purchase it.
