Keep in mind that the above pricing strategy is temporary. Finally, you will stop to promote books at this excessive price. So determine in advance how lengthy you plan to supply your book at this high worth, and when that point is up, change your pricing strategy.

If you want to see giant earnings over buyer draw, aim for an audience that is in search of straightforward options to their issues at a low price. In case your e-book is geared toward fixing one particular problem somewhat than general recommendation, then you may charge more. Start on the highest price the market will bear to usher in the largest earnings, and plan to low cost the e book a number of times throughout the year.

Advertising and marketing Methods

The key that unlocks the sales potential of your ebook is to discover a single sentence that becomes your selling handle. This sentence states what query or problem your guide solutions and the advantages your e book can provide. In addition to selling your books assiduously online, there are a number of other methods that may provide help to promote more books.

One is to give one thing away for free together with your book, similar to a useful bonus item. Or bundle several ebooks below one value, which lowers the worth for each e book in the event that they have been sold separately.

An efficient method for determining a value is to ship out a survey to your present customers. If these customers have already purchased an e book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the new book, but don't embody a worth on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out costs by creating a number of duplicate gross sales pages with completely different costs on each page. Be certain your gross sales copy is precisely the same on

every page, and includes your promoting-handle sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum price is.
