Decide if your aim is to get extensive distribution and maximum exposure. This purpose is aimed at drawing prospects to your enterprise or service, or to establishing the credibility of your reputation. If that is your foremost aim, you should goal to keep your price on the low side. Some authors have even priced their ebooks at a profit loss to draw a excessive number of new customers. The hot button is to discover a worth that maximizes your earnings and the number of books you sell.

This is a wonderful pricing technique if you're seeking to acquire long-term customers. Long-term customers are extremely likely to buy from you once more and again ? so long as the primary ebook they purchase is of exceptional high quality and helpful to the customer.

Nevertheless, if your guide accommodates beneficial ? and more importantly NEW data, references, or techniques ? then you must aim to price it on the high end.

After you determine your purpose, you must determine what your audience's need is for your ebook. For example, does your book solve a selected problem? If it does, and solves it in a way that hasn't been written about in 100 different ebooks, you will be able to achieve high sales at a excessive price. In case your ebook solves an issue or solutions questions in a brand new and unique manner,

it's best to worth your guide as excessive as you can go. You will achieve larger profits this fashion, but usher in fewer customers. In case your ideas will not be common data, or you might be presenting a brand new technique, it is possible for you to to sell books at a high price. Simply be ready for your competition to undercut you on value as soon as they hear about your book.

Remember the fact that the above pricing strategy is temporary. Ultimately, you'll stop to sell books at this excessive price. So determine upfront how long you plan to supply your e book at this high worth, and when that time is up, change your pricing strategy.

If you wish to see large profits over buyer draw, purpose for an audience that is on the lookout for straightforward options to their problems at a low price. If your book is geared toward fixing one explicit drawback somewhat than normal advice, then you can cost more. Start on the highest value the market will bear to bring in the largest profits, and plan to low cost the ebook a variety of instances all through the year.

Another strategy is to check out costs by creating a number of duplicate gross sales pages with different costs on each page. Be sure your sales copy is precisely the same on every web page, and

includes your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your site and gross sales of your book. This will inform you what your optimum worth is.
