Do that by creating a sales page for the brand new e book, however don't include a price on that page. As an alternative, add a number of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to test out prices by creating a number of duplicate gross sales pages with completely different costs on every page. Make sure that your sales copy is strictly the identical

on every page, and includes your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your website and sales of your book. This can tell you what your optimum value is.

Ultimately, when you've written a e-book that solves a problem or presents a brand new technique, your e book will bring in each traffic and profits.
