An effective approach for determining a value is to ship out a survey to your current customers. If these clients have already purchased an e book from you, ask for their opinion in terms of price. Do that by creating a gross sales web page for the new e-book, however do not embody a worth on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to test out costs by making a variety of duplicate gross sales pages with completely different costs on each page. Be certain your gross sales copy is exactly the identical on each web page, and consists of your selling-deal with sentence. Then determine for each page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum worth is.

In the end, if you happen to've written a book that solves a problem or presents a new technique, your e book will bring in both visitors and profits.
