Another technique is to check out costs by creating a variety of duplicate sales pages with different costs on every page. Be sure that your gross sales copy is strictly the similar on each page, and consists of your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and sales of your book. This may inform you what your optimum price is.

Finally, in the event you've written a book that solves a downside or presents a brand new technique, your ebook will bring in both visitors and profits.
