An effective technique for figuring out a price is to send out a survey to your present customers. If these prospects have already purchased an e book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the brand new e book, but do not embody a price on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with totally different prices on each page. Make certain your sales copy is exactly the similar on each web page, and contains your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your website and sales of your book. It will let you know what your optimum value is.

Ultimately, for those who've written a book that solves a problem or presents a new technique, your e book will herald both traffic and profits. So you should definitely write that promoting-handle sentence that sums up what downside your ebook solves and what the advantages of your 317 book shall be to the purchasers who buy it.
