Do this by creating a gross sales page for the new guide, but don't embrace a price on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to test out prices by making a variety of duplicate sales pages with different prices on every page. Ensure that your sales copy is strictly the same on every page, and contains your selling-deal with sentence. Then determine for each web page the conversion ratio between visitors to your web site and gross sales of your book. This will tell you what your optimum price is.

Finally, when you've written a e book that solves a problem or presents a brand new technique, your

ebook will bring in each visitors and profits. So you'll want to write that promoting-handle sentence that sums up what downside your book solves and what the advantages of your 38 e-book might be to the customers who buy it. After which watch your market come to you!
