In addition to selling your books assiduously online, there are a number of different methods that may enable you sell more books.

One is to provide one thing away free of charge together with your book, similar to a beneficial bonus item. Or bundle a number of ebooks under one worth, which lowers the worth for every e book if they have been offered separately.

An efficient approach for figuring out a worth is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion by way of price. Do this by making a gross sales web page for the new e-book, but don't embrace a value on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to check out prices by creating a variety of duplicate gross sales pages with different costs on every page. Make certain your gross sales copy is precisely the same on each web

page, and includes your promoting-deal with sentence. Then figure out for each page the conversion ratio between guests to your site and sales of your book. This may tell you what your optimum worth is.

Ultimately, if you've written a book that solves a problem or presents a new method, your ebook will bring in both traffic and profits. So you'll want to write that promoting-deal with sentence that sums up what drawback your e book solves and what the advantages of your 426 guide will probably be to the customers who purchase it.
