One other technique is to check out prices by creating a variety of duplicate sales pages with totally different costs on every page. Be sure that your gross sales copy is exactly the same on

every web page, and contains your selling-deal with sentence. Then work out for every page the conversion ratio between visitors to your web site and sales of your book. This will let you know what your optimum price is.

Finally, in case you've written a guide that solves a problem or presents a new technique, your e-book will herald both site visitors and profits.
