Another strategy is to test out costs by making a variety of duplicate gross sales pages with totally different costs on each page. Make sure that your sales copy is strictly the same on every

web page, and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum worth is.

Ultimately, if you happen to've written a book that solves a drawback or presents a new approach, your guide will herald both traffic and profits.
