Do that by creating a gross sales web page for the new book, but don't embrace a price on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out costs by creating a variety of duplicate gross sales pages with completely different prices on each page. Be sure your sales copy is precisely the same on every web

page, and consists of your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your web site and gross sales of your book. This may inform you what your optimum price is.

Ultimately, if you've written a e book that solves a downside or presents a brand new technique, your book will usher in both visitors and profits.
