One other strategy is to check out costs by creating a variety of duplicate gross sales pages with completely different costs on each page. Be certain your sales copy is precisely the same on each

web page, and consists of your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your web site and sales of your book. It will inform you what your optimum price is.

Finally, when you've written a book that solves a drawback or presents a brand new method, your guide will usher in each site visitors and profits.
