An effective approach for determining a price is to ship out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new ebook, but don't embody a value on that page. Instead, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out prices by making a variety of duplicate gross sales pages with completely different prices on each page. Make certain your sales copy is strictly the similar on

each page, and contains your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your website and gross sales of your book. It will inform you what your optimum worth is.

Ultimately, for those who've written a guide that solves a downside or presents a brand new technique, your book will usher in both site visitors and profits. So remember to write that selling-deal with sentence that sums up what downside your e-book solves and what the benefits of your 885 e-book shall be to the shoppers who purchase it.
