An effective approach for determining a worth is to send out a survey to your present customers. If these customers have already purchased an ebook from you, ask for their opinion in terms of price. Do that by making a gross sales web page for the new e-book, but don't include a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to test out costs by making a variety of duplicate sales pages with completely different prices on each page. Make certain your gross sales copy is exactly the identical on every page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your site and sales of your book. It will tell you what your optimum value is.

In the end, if you happen to've written a ebook that solves a problem or presents a brand new method, your ebook will bring in each site visitors and profits.
