sales and promotional material, and each time anybody asks you about your ebook.

Besides selling your books assiduously online, there are a number of other strategies that can help you promote more books.

One is to offer something away without cost together with your book, akin to a precious bonus item. Or bundle several ebooks below one price, which lowers the worth for each e book if they were offered separately.

An efficient method for determining a worth is to ship out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion in terms of price. Do this by creating a sales web page for the new guide, but do not embrace a worth on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to test out costs by making a variety of duplicate sales pages with completely different prices on each page. Be sure your sales copy is precisely the identical on each web page, and contains your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and sales of your book. This can tell you what your optimum value is.

Ultimately, should you've written a e-book that solves a drawback or presents a brand new technique, your e-book will usher in each visitors and profits.
