An effective approach for figuring out a price is to send out a survey to your current customers. If these clients have already purchased an ebook from you, ask for their opinion by way of price. Do

this by making a gross sales page for the new book, but don't embody a price on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to check out costs by making a variety of duplicate gross sales pages with totally different costs on each page. Make sure that your gross sales copy is strictly the identical on every web page, and contains your promoting-deal with sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum value is.

Ultimately, should you've written a ebook that solves a problem or presents a new approach, your guide will herald both site visitors and profits.
